Dear Samantha,

It was a pleasure meeting you at the Mountain of Hope in Soweto when I was attending the UN World Summit. I really like the inspiring project you are spearheading, "Twenty Thousand Drums". Although there are other drumming-related events that are taking place around the world, yours is totally unique and inspiring. I am not aware of any other projects that leave the drums in the event communities at no charge, allowing the spirit of the event to continue long after the event is over. I also like your idea of having 7 key words on each drum. I especially like the Guinness World Record-setting number of drums – a whopping 20,000! As a result of your beautiful vision, I am including Twenty Thousand Drums in some of my plans for the future; if The Rainbow Bridge Initiative is launched from South Africa, Twenty Thousand Drums is an awesome example of an event that I would like to promote on our radio and television shows and feature film. As a result, I will also do what I can to help locate funding for this exciting project.

I look forward to staying in touch.

Love and blessings to you, your projects and all your relations,

Brent Hunter
